**BRUCHER THIELTGEN
PARTNERS** AVOCATS A LA COUR

“Courage, for a lawyer, is the essential, without which the rest does not count: talent, culture, knowledge of the law, everything is useful to the lawyer. But without courage, at the decisive moment, there are only words, sentences, which follow one another, which shine and die. “

SELECTED EXPERIENCE

As the Head of the Employment Law and Dispute Resolution Department at Brucher Thieltgen & Partners, I specialize in complex litigation, more specifically in all aspects of employment law.

I provide substantial support to a number of international and regional companies on various labor law issues: establishing operational businesses in Luxembourg for international clients ; dealing with employee benefit schemes (pension plans, stock option plans etc.) ; providing assistance during collective redundancies. When litigation cannot be avoided, I represent my clients before Luxembourg courts.

I am guided by the desire to provide efficient and responsive services to my clients, while at the same time maintaining a high quality of work.
