**BRUCHER THIELTGEN
PARTNERS** AVOCATS A LA COUR

“A lawyer must have a perfect command of the law - this is a matter of course and a prerequisite. Only excellence is acceptable in this respect.

But what makes a good lawyer different is something else. It is his human qualities, his commitment, his alertness and his originality, which enable him to understand the true meaning of the question put to him and to propose to his client, whoever he may be, the appropriate solutions.”

SELECTED EXPERIENCE

As head of the Banking and Finance Team, I specialize in legal advice on banking and finance laws and advise my clients on regulatory issues or financing transactions. I am also the leader of the Shareholders Disputes and Banking and Finance Litigation Task Forces of the firm and I am therefore very active in complex domestic and international litigation. I primarily advise and represent clients in sophisticated commercial proceedings, in particular in banking and finance litigation and shareholders dispute. I also have a wide experience in multi-jurisdictional proceedings, including asset recovery and enforcement of foreign judgments. I advise and represent clients on white-collar crimes proceedings in the financial sector.

EDUCATION

- Graduated from the Faculty of Law of the University of Louvain (Belgium)
- Secondary education at the Institut Sainte-Marie in Arlon (Belgium)
